Rollin Township Information

Rollin Township has ordinances in effect concerning all types of construction. Please contact the appropriate inspector before remodeling or beginning any new construction. If construction or electrical work is started before proper approval and permits are obtained, you may be billed an additional fee.

An important governing ordinance requires each residence to display three inch or larger house numbers on the premise so they are visible from the road. This ordinance enables fire, police and rescue workers to identify all premises.

Lawns in residential districts must be kept mowed. Any lawn more than 10 inches in height may be mowed by the township with the cost of mowing added to your tax bill. This amount becomes a lien against the property.

Refuse must be removed on a regular basis. You can contract with one of the refuse collection agencies that serve the Township area or take your refuse to the Transfer Station on Rollin Highway. There is a fee for using the transfer station.
